## About Me

I am a video editor, graphic designer, animator, and web developer who loves bringing stories to life through visual creativity. I transform ideas into engaging experiences and collaborate with clients to enhance my skills.

## Skills

- Video Editing - 100%
- Animation - 90%
- Shorts-Reels - 100%
- Thumbnails - 98%
- WordPress/Html - 85%
- Creative Ideas - 80%

## Education

- **CSE - Engineering**  
*Dhaka University - Running* 2016 - 2020  
I am currently in my second year at Dhaka University, where I am dedicated to acquiring a comprehensive and in-depth understanding of computer science and engineering, with a particular focus on programming.
- **Udemy Editing & Designing Course**  
*Udeymy Academy* 2020 - 2023  
From 2020 to 2023, I took multiple Udemy courses to enhance my skills, which significantly contributed to my personal and professional growth, including Video Editing (After Effects, Premiere Pro, Vavinci Resolve, etc), Graphic (Photoshop & Illustrator), Animation (Blender, Element 3D), and Web development (HTML, JS, CSS and WordPress.)

## Experience

- **Video Editor**  
*The Tech Trance LLC.* 2020 - 2025  
I'm a video editor and motion designer, crafting impactful stories since 2020. From promos to YouTube content, I blend creativity and precision to deliver engaging, polished videos. Recently, I produced Tech Trance's CES 2025 vlog, highlighting AI, humanoid robots, and AR/VR in a fast-paced, vlog-style format.
- **Product Animator**  
*NativeFlow - KiwiKard* 2024-2025  
I also created a 3D product animation for Native Flow's KiwiKard in France, showcasing the card's sleek design and functionality through smooth, modern visuals. The animation was crafted to highlight key features in a clear and engaging way, helping the brand present its product with impact and style.
- **Short form**  
*YLC center, Ohr Reuven & Tam* 2019-2023  
I've also produced short-form edits and reels for YLC Center, Ohr Reuven, and Tam, creating fast-paced, engaging content tailored for social media to maximize attention and reach. Each project was crafted with sharp pacing, clean visuals, and storytelling flow to connect with audiences in just seconds.
- **Thumbnail Design**  
*Various Clients* 2028-2024  
I also design custom YouTube thumbnails for clients on Fiverr and Upwork, focusing on eye-catching visuals and bold layouts that boost clicks and engagement. Each design is tailored to match the creator's style while standing out in crowded feeds. My approach combines creativity and audience psychology to make each thumbnail compelling at a glance.
